

Fairfield Hot Yoga

Fairfield Hot Yoga turns up the heat with Yoga Flooring!
"The flooring is fabulous!"

"The flooring is fabulous!

I always get comments from new clients about how clean the "hot room" smells.

I spent a lot of time researching different flooring materials and will definitely use this for my next studio.

I have taught at studios with carpeting and NEVER considered using it for my studio.

Ron and Allyson were great during the selection and installation process.

A GREAT product and company who stands behind their product."
